

# Team work and the Questionnaire

## Introduction:

Questionnaires are simply a tool to help us move on to the important role of sharing Gods Kingdom with the People He loves. The conversations train and help build confidence in us.

## Partners:

- Working with other people is Like a dance  
One must lead the other must follow or you both get bruised!
- With time you may find you prefer leading conversations or being the supportive role
- Some folk will click better working together than others
- God brings people together too

## Who leads?

- Take it in turn to lead
- The leader introduces you, is there a connection with who you are talking to? Ex. man / woman dynamic
- The leader channels / guides the conversation from beginning to end
- The partner can listen, interject if helpful, listen for words / wisdom from God
- For some people, staying in a supportive role may be necessary for a while so they can observe and grow in confidence before trying themselves to lead the conversation
- Learn to start, guide and finish well a conversation

## The person leading:

- 1 May want to bring you in at the testimony time – or not
- 2 May want to bring you in for the prayer – or not
- 3 At a certain point in the conversation let you take the lead role

## Comments:

- Learning to support and serve someone else is just as important as leading the conversation
- We can lean from one-another
- We can learn by initiating things, taking risks and persevering

## Kingdom Culture:

Let us celebrate "taking a risk" and "having a try" not on the instant results we get!

You have rich treasures in your treasure chest, let's put them on display

[2 Corinthians 4:7](#)

*But we have this treasure in jars of clay to show that this all-surpassing power is from God and not from us.*
